DETAILED ACTION

Submission of Original Patent

1. In response to the surrender of the original patent by the Applicant on February 18, 2004, the objection in paragraph 4 of the Office Action of January 15, 2004 is hereby withdrawn.

Response to Amendment

2. The amendments filed on January 12, 2005 and April 29, 2005 are sufficient to overcome the objections telephonically raised by the Examiner in reference to the proper format for amendments in reissue applications. The amendments have been entered.

Allowable Subject Matter

3. Claims 1-8 and 99-188 are allowed.

Examiner's Statement of Reasons for Allowance

4. The following is an examiner's statement of reasons for allowance:

Prior art was found which disclosed remotely transferring funds between different accounts using personal computers and telephones (Kight et al, 5,383,113)(Benton 4,341,951)(Atalla, EP 131,906). Prior art was also found which disclosed using wireless devices (transponders) in vehicle to remotely pay toll charges (Hassett, 5,805,082).

However, prior art could not be found which identified the user's account and completed the desired transaction based on the identification number of the cellular phone (i.e. user identification information transmitted on the subchannel of a cellular phone) which is automatically transmitted to the service provider upon activation of the phone (the claimed "wireless telephone identification information"). Therefore, it is the use of this automatic identification signal transmitted by cellular telephones to identify the user and his account which the Examiner considers the non-obvious novelty of the invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
